Subject: 2008 Marijuana memo
Attachments: Draft 2008 marijuana not analyzed.doc

Hi Kip,

Here is a copy of the memo that we need to be able to print out for the 2008 marijuana samples that we are not going to analyze. There are three things that need to be linked to this memo from the database... the date, the submitting agency and the lab number. Let me know if you need any other information from me. Any other suggestions, please feel free to let me know.

Thanks,
Betsy
